With the thick fog that developed just as the sun came up, we got a late start after the 2 ½ hour delay. But once the sun burned thru, we were left with a calm overcast day that was as perfect as one could ask for. Turn out was light as many listened to the weatherman cast gloom at our chances for a good day. Don't listen to him, he doesn't shoot at PCGC!

Rick Crawford was the match winner by the narrowest of margins over Richard Schultz. Richard is about to reach the "Holy Grail" of highpower shooting, soon. We have been watching Richard's scores since before the TSRA Service Rifle Championship and he is very close to making HM. We all have our fingers crossed hoping for the best as Richard approaches this accomplishment. There are few clubs that can boast of the number of HMs that PCGC has. Or for that matter, the quality of shooters, period. By the way, Richard was the Master / Expert class winner with a 486-18x. In the combined SS / MK class, it was almost a clean sweep for Skip Smith as he won all but the sitting stage.

The year 2001 was a good year for highpower at PCGC. There were 111 different shooters firing on the range, the regional was another success and we have added numerous new shooters to the ranks. As we close the year and begin planning on the new year's program, be thinking of ways to reach more gun enthusiast. Let's continue to grow the program and treat the shooters of our area to the best range in the country.

Soon, the program will be coming to you in the mail or you can see it at [www.tyler.net/pcgc](http://www.tyler.net/pcgc) and bookmark us for future reference. In the works for the coming year will be a revision of the webpage to better inform you and others of the activities we have scheduled. Plan on shooting January 5<sup>th</sup> in the 50 shot National Match course of fire. Until then,

Rick Crawford, Match Director
