2001 – The REAL Millenium has begun. We almost kicked it off with the first possible match date but were fortunate we didn't shoot on the first in the snow. But we did shoot a rifle match in Texas in the SNOW. Actually, there was just a trace of the snow that fell the previous week remaining in the shaded areas, but the day was a wonderful day for a rifle match. After a cold start, it warmed to a nice calm day that was reflected in the excellent scores.

Ron Chatelain backed up last month's club championship win with another fine score as he rolled to a win with a 489-14 to edge out Jon Rhynard by 4 points. Randy Nash was on fire with his spacegun AR in Master class as he smoked a 482-16. In the combined Expert/Sharpshooter class, it was Mike Van Wie with a near sweep as he posted a 474-12. Marksman class was dominated by junior Justin Utley with his 455-6. Justin will be moving up soon and with his past performances, I feel the need to bump him up to Sharpshooter for the PGC match to stretch his ability. I suspect that he will be jumping to Expert when his next card comes out. Great job, each of you.

We had three new shooters to the range this month as Gary Hazel of Tatum, Andy Lowry and Caleb Carter of Kilgore tried their hand at full distance rifle shooting. We hope to see you back in the future and that your first match was memorialble.

Mark Feb. 3 as the next match and get into gear as the season is up and running. Keep your powder dry and all the shots in the middle.

Rick
